DS-FARM

Newsletter 4

In February, the project partners visited Turin, Italy, for the third Transnational Project Management Meeting of the DS-Farm project at Betacom's headquarters.

The meeting was highly productive, focusing on reviewing our progress and planning the next steps. We also explored the status of our online platform and shared collaborative materials.

A heartfelt thank you to our hosts at Betacom for their exceptional hospitality, including a memorable tour of their facilities and a night tour of Turin's city center.
We look forward to our final meeting in Norway and continuing our progress on the DS-Farm project!

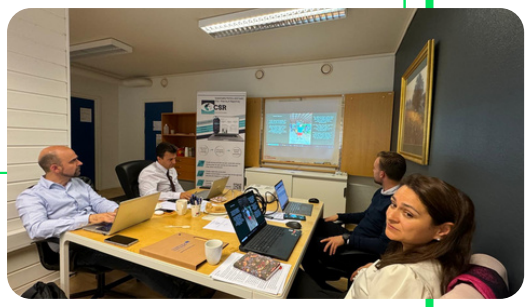
DS-FARM



We are delighted to announce that CSR-Innovative Solutions successfully hosted the 4th and final Transnational Project Meeting for the DS-Farm project in the beautiful town of Aurland, Norway.

This meeting was a significant milestone, marking the culmination of our efforts to develop advanced digital eLearning tools for the agricultural sector.

We reviewed our achievements, discussed the final stages of the project, and strategized on the implementation of our innovative solutions.
We extend our sincere gratitude to all our partners for their invaluable contributions and collaboration throughout this project. Together, we are paving the way for a sustainable and technologically advanced agricultural future!
